

Video Outline

Title of Lesson: Shadow and Light Still Life Drawing

Ages: 7-18

Video time: 9 min 34 sec

Video link: <https://youtu.be/2pNuz-p2y6Q>

Intro to video: Let's make Still Life Drawings and think about shadow and light. First we'll practice looking at light and shadow, in art and in life. Pick out a few things you like from around your house, then draw them! We'll practice shading using a pencil. This is a great activity to do any time, and is fun each time you do it again!

Sections:

1. First we'll talk about shadow and light, and look at some examples from artists Kathe Kollwitz and Rembrandt van Rijn. We'll talk about contrasting in art and chiroscuro. And we will look at the shadows on an apple, and notice the form shadows and the cast shadows.
2. Next we will talk about drawing techniques, using light lines and shading by building up many layers of light pencil lines. (2 min 24sec)
3. Next pick objects you like from your house! (3 min 15 sec)
4. Start drawing one thing at a time, and use layers of light lines to make your form shadows (3 min 50 sec)
5. Practice drawing cast shadows (5 min 14 sec)
6. Draw something else too... keep drawing different objects to make your still life interesting. (6 min 10 sec)
8. Last we'll review different kinds of shadows and drawing techniques (8min 18 sec)
